## BECOME AN AMBASSADOR

Are you a globe trotting humanitarian? Keyboard activist? Passionate about helping people?

Devxchange Ambassadors have the opportunity to support our projects in many different and rewarding ways. As a Devxchange Ambassador you will be given the chance to travel to our overseas projects or promote our cause closer to home.

Join our team of international volunteers  
Support a project or create your own

2018

75 Volunteer projects  
in 27 countries

### HOW TO JOIN

The first step is to let us know! Visit our new Facebook Group for more details:  
[www.Facebook.com/Groups/DevXchangeAmbassadors/](http://www.Facebook.com/Groups/DevXchangeAmbassadors/)  
or email : [info@Devxchange.org](mailto:info@Devxchange.org)

## WHO ARE WE?

We facilitate the linking of Canadian volunteers (including those from ethnic communities, recent university graduates and retirees) with indigenous organizations and their humanitarian initiatives in developing countries. We provide management and technical support to these volunteers as well as tax-deductible receipts for their donors.

**In short – it's a development exchange that helps people help people!**

All Ages Welcome +  
No Experience Necessary

### GLOBAL

DevXchange was founded in 2006 and we have been expanding our reach ever since. We now have projects in 20 plus countries and are always looking for more opportunities.

### FLEXIBLE

DevXchange projects are member lead which means that not only do we keep our admin costs low, we also allow project lead members to have a lot of flexibility.

### LOW COSTS

DevXchange runs almost entirely on volunteers which allows us to keep our admin fees as low as 10%! That means that almost all of the money fundraised goes directly to the project. In addition all Canadian donations are tax deductible.

### SUSTAINABLE

DevXchange ensures that all of our projects work with a local partner so that they can become self sustaining and not depend on hand outs.
